Forecast For Southwest England
Issued by Met Office Exeter
at 1600 on Monday 17 May 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Sunshine and showers, then turning wetter and windy from Thursday.

This Evening and Tonight:
Showers ease through the evening as they move eastwards, giving way to a drier night with the occasional scattered shower. Cloud breaks up somewhat to give some clear spells. A group of showers then return into the early hours. Minimum temperature 6 deg C (43 deg F).

Tuesday:
Frequent showers, occasionally heavy and with a risk of hail and thunder through the day. Into the evening showers become more organised giving more prolonged spells of rain. Maximum temperature 16 deg C (61 deg F).

Outlook for Wednesday to Friday:
Further showers Wednesday, though lighter and less frequent. Turning unsettled Thursday morning, with strong winds and rain arriving westwards. Staying wet and windy Friday, with a risk of thunder.
